(National Association of Professional Pet Sitters)

*Once Upon A Time...* there was a woman who had "put in her time" working in the corporate world. One day she woke up and realized that she hated the line of work that she was in. She decided that even if she went to the "poor house", she was going to pursue a line of work that indulged her passion in life. That passion has always been **CRITTERS!!!** ... AND she was going to get paid to do it as well. (*Does that sound like a fairy tale... or just a little crazy?*) Anyway, this woman quit her job and started an in-home pet sitting business, and she has been happier the last 7 years than she has ever been in her life. Today, I always look forward to going to work. The critters are always happy to see me... and even if you do get up on "*the wrong side of the bed*", these critters have you laughing and in a great mood in no time.

*The moral of this story is: ALL of us should pursue our passions in life, whatever they may be.*

**During our daily visits, we will:**

- Walk all dogs that are in good health... to give them exercise and that much needed "sniff time".
- Feed your pets, exactly per your instructions, and provide fresh water with every visit.
- Administer medications when needed. (*sorry, we do not give injections*)
- Service litter boxes and "patrol for accidents." Scoop yard daily.
- Bring in mail and newspapers, as well as set out your garbage on pick-up day.

- Water your plants, both inside & out.
- Check that your home is secure and safe from obvious hazards.

**MOST IMPORTANT OF ALL**, we will spend time during every visit, giving your pet the same love and attention you give.

*At your request, we can provide additional services as well.* We are happy to:

- Walk your dog on a daily basis.
- "Scoop" & clean your yard on a weekly or monthly basis.
- Take your animals to vet appointments or to the groomer.
- Drop your animal off (or pick them up) from day care, etc.
- Stay overnight with your animal (s).

**Dog Gone** would love to meet you and arrange the services you require while away from home. Please call us for more information, and to schedule a "pre-service" meeting. We will:

- Come to your home at a time convenient for you. There is *not* a charge for "get-acquainted" visit.
- Give your pets the chance to meet and 'pre-approve' us.
- Document all instructions for animals care.
- Pick up your keys. **After you return home**, we will arrange a time to return the keys to your home... and say a sad and hopefully temporary 'goodbye' to **our new friends.**
